

# ITA 84

STEEL STRAPPING TOOL > BATTERY

## Tensioner for 19mm / 25mm / 32mm Steel Strap Battery Operated

ITA 84 is the innovative tensioner Battery Operated studied for regular duty and high tensile 19mm/25mm/32mm steel strap.

Battery solution facilitates and simplifies the tensioning of the strap, maintaining the same high performance achieved by the equivalent pneumatic version and will allow any strapping operation, in any working environment, without any constraints, pipes or air connections.

Through the potentiometer positioned under the battery (Li-Ion 18V - 5Ah, which guarantees high number of strapping cycles), it will be possible to adjust the tensioning force up to 13000N.

ITA84 can be used with any Itatools sealers, ITA85 (battery operated), ITA 45 (pneumatic), ITA 37 (manual) ensuring an optimal strapping operation, for any application, even in heavy industries, including coils, steel pipes, etc.

Powerful, fast and strong, ITA 84 is manufactured to be durable and with very low maintenance required.

### FEATURES

**Battery Operated Tool**  
For a wide range of Steel strap  
**Strong and Reliable**  
**Powerful & Quick**

### BENEFITS

**Adjustable tension**  
**Robust and durable**  
**Easy to be used**  
**Low maintenance required**

#### TECHNICAL SPECIFICATION

<b>Dimensions</b>	395 x 120 x 130 mm
<b>Weight (with battery)</b>	4,7 Kg

#### STRAP

<b>Type</b>	Steel Strap: Regular duty & High tensile
<b>Width</b>	19mm / 25mm / 32mm
<b>Thickness</b>	0,6mm - 1,1mm / 0.63mm - 0.9mm
<b>Tensile Strength</b>	850 - 1100 N/mm <sup>2</sup>

#### POWER SUPPLY

<b>Battery</b>	Li-Ion - 18V - 5Ah
----------------	--------------------

#### PERFORMANCE

<b>Tension force</b>	5000 - 13000 N
<b>Tensioning speed</b>	3 mt/m
<b>Sealing</b>	n.a.
<b>Joint strength</b>	n.a.

#### MODEL

CODE	DESCRIPTION
T8499971	ITA84 + 1 Battery + 1 Battery Charger
T8499972	ITA84 + 2 Batteries + 1 Battery Charger
T8499973	ITA84 + 3 Batteries + 1 Battery Charger
